Dear Shravya,

Today, I feared a lot of losing you. I can't stop thinking about you. I'm not able to rest. I need to talk to you. Talking to you keeps me calm. It makes me forget about everything. I want to talk to you and sleep. I need a break. I feel like running away and not coming back, I'm scared about my future. I don't know where I'm heading. Everything is killing me. I'm not able to stop this thing that's running in my head. On top of this when I open Instagram everyone is telling me that letting go is the final act of love. I know I thought the letting go part would be when I'm old and die. But I don't want this. I know love would be hard and beautiful but no one ever said that it was gonna be with hard. And they are telling that go through your heartbreak, if you go through you change from a boy to man. My heart is broken and I still want to be your boy. I want to talk to you and sleep in your arms. Help me with everything please. I want to forget this pain. I want to talk to you. When I see you I really forget about everything and I stop worrying about everything because talking to you feels like I have you. Having you next to me is enough. I'll be ready to face the world. Please be next to me. Please believe in me one last time. Trust in me one last time. We will figure out everything. Don't you go away from me. We will find a way. Let down your shield, let me in. You are my home. Let me in please. Don't give up on me. I was wrong before, I forgot love. I didn't know what I was fighting for. Please let me fight for love now. I love you ❤️, will you fight with me? 🤔👉👈 Call me and tell you are mine. We can work it out.

Yours sincerely,

Pushkar K U
